## Water Safety

Hartwell Lake is provided for the use and enjoyment of you, our visitor. To insure your enjoyment, you should observe safety precautions when using the lake's waters for swimming, boating and other activities. As there are no lifeguards on duty, visitors should be alert to underwater hazards such as submerged logs, stumps and rocks which are present in the lake and not usually visible. You should also be aware that the depth of water in the lake varies in different areas and at different times.

- Don't take chances, by overestimating your swimming skills.
- Swim only in designated swimming areas.
- Never swim alone.
- Watch your children at all times when in and around water.
- Always let someone know where you will be when visiting the lake, and when you expect to return.
